## Entrixa Vision – Face Recognition & Access Control System

# Face Recognition & Access Control System

The Realtime Biometrics T52F device is a high-performance fingerprint and face recognition attendance machine designed for efficient workforce management. With advanced biometric technology, the T52F ensures accurate employee identification and secure access control. It features a high-speed processor, touchscreen display, and Wi-Fi connectivity for seamless data transfer. Ideal for offices, factories, schools, and government organizations, the Realtime T52F supports multi-user authentication, RFID cards, and cloud integration. This device enhances time tracking, improves workplace productivity, and eliminates buddy punching. Choose the Realtime T52F for reliable, secure, and smart attendance management solutions.

### Product Specifications

- Face Capacity: 1000
- Fingerprint Capacity: 5000
- Card Capacity: 5000
- Password Capacity: 5000
- Attendance Records: 3,00,000
- Working Mode: Offline/Online
- Screen Size: 3-inch Color Display
- Communication Modes: Ethernet, USB Disk, Wifi
- Power Supply: 12V DC
- Working Current: 500mA
- Battery Backup: Built-In
- Sound Indicator: Buzzer, Voice
- QR Reader: Support on Weigand IN (Yes)
- Weigand: IN & OUT (Both)

## Realtime T52F

### Key Features

- Face Recognition
- Password Enabled
- Access Control
- Cloud connectivity
- Fingerprint Scanner
- Supports USB Drive
- WiFi
- TCP/IP
- RFID Card Reader
- Battery Backup
- 4G/5G optional
