Entrixa Vision — Face Recognition & Access Control System

Face Recognition & Access Control System

Realtime T501 Mini is a compact and powerful biometric attendance device designed for small and medium businesses. Equipped with an advanced fingerprint sensor and RFID card support, it ensures fast and accurate employee attendance tracking. The T501 Mini features a 3-inch color display, user-friendly interface, and multiple verification modes for enhanced security. With USB and TCP/IP connectivity, data management becomes quick and efficient. Its sleek, space-saving design makes it ideal for offices, shops, and institutions. The Realtime T501 Mini offers reliable performance, affordability, and convenience—making workforce management smarter and more efficient.
